

FAST LUBE ROLLING PIT JACKS

STAN DESIGN

www.standesigninc.com

TURN YOUR FAST LUBE BAY INTO A PRODUCTIVITY CENTER
WITH ROLLING BRIDGE JACKS. LIFT ANY VEHICLE FOR
TIRE ROTATION & SERVICE, BRAKE INSPECTION & SERVICE.

Stan Design rolling jacks roll the full length of your pit and can pick up any vehicle anywhere safely and easily. Our jacks are made to roll on the tire rail or on a structural member. Our jacks will not interfere with other fast lube equipment.

Stan Jacks feature; 6/7/9,000 lb. and higher capacities multi-level safety locks, Air Bag Scissor or H.D hydraulics, easy rolling wheels, convenient pull handle and adapter storage right on the jack precision crafted components with zinc plating and powder coat paint

Two Rolling Pit Jacks lift the entire vehicle
