

LITHIUM BATTERY HYDRAULIC JACK

► EJ50-3L

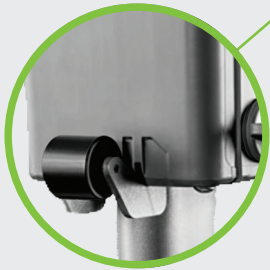

MODEL EJ50-3L

Rated Voltage	36V
Battery Qty	2pcs
Capacity	▲ 50t/▲ 30t/▲ 15t
Net Weight	60kg
Gross Weight	64kg
Packing Size	779x329x343mm

► Cordless Power

Convenient, energy-efficient power for use anywhere

► Anti Collision Wheel for Battery Pack protection

► Elliptical Handle

Stunning design with built-in connecting rod.

► Multiple Adaptors

Choose from two sizes to suit any situation

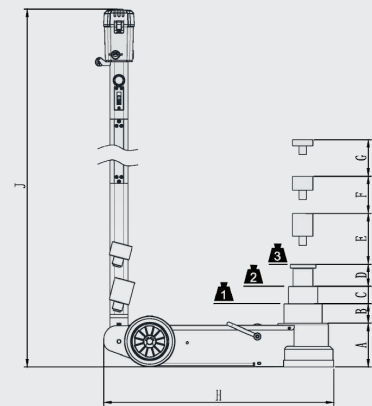

► Industrial Seals

High quality seal for maximum performance

► Dual Safety Valve System

Slow descent control and overload protection ensure safe, stable lifting

- A 5.91 in
- B 2.44 in
- C 2.13 in
- D 2.56 in
- E 2.95 in
- F 1.77 in
- G /
- H 29.33 in
- I 10.63 in
- J 59.84 in

► LED Lamp

Locate lifting point with ease.

► Dual Speed Piston Rod

Fast rapid extension or Slow precise positioning.

► Hard Chrome-Plated Cylinder:

Enhanced durability and corrosion resistance for long service life
